CPP Brief #1

- CPP and CMC Lessons
- EDIP Technique (CMT's)
- Table 1 Dry Practice Skills (Part 1)
- Practice and Evaluation

Course Schedule

CPP

CPP.1 Introduction to Combat Pistol Program
CPP.2 Introduction to the Service Pistol
CPP.3 Pistol Preventive Maintenance

CMC

CMC.1 Introduction to Combat Pistol Program
CMC.2 Introduction to Coaching
CMC.3 Service Pistol and Preventive Maintenance

Course Schedule (cont.)

CPP	CMC
CPP.4 Pistol Weapons Handling	CMC.4 Fault Check Pistol Standing Position and Grip
CPP.5 Pistol Standing Position and Grip	CMC.5 Fault Check Pistol Weapons Handling
CPP.6 Fundamentals of Pistol Marksmanship	CMC.6 Fault Check Fundamentals/Techniques of Fire
CPP.7 Pistol Techniques of Fire	

- CMC Weapons Handling taught using EDIP.
- Stance taught before Weapons Handling in CMC to reinforce stance throughout that EDIP.

Course Schedule (cont.)

CPP	CMC
CPP.8 Pistol Presentation and Search and Assess	CMC.7 Fault Check Pistol Reloads
CPP.9 Pistol Reloads	CMC.8 Fault Check Pistol Presentation/Search and Assess
CPP.10 Pistol Firing Table One Dry Practical Application	CMC.9 Fault Check Pistol Corrective Action
CPP.10A Pistol Weapons Handling Test	CMC.10 Pistol Dry Practice
	CMC.11 Conduct a Pistol

- CMC Corrective Action includes user serviceability inspection.
- Ties to shooter-induced stoppages and mechanical failure of pistol.
- Shows CMC why stoppage occurred and what to look for and how to teach shooter how to avoid stoppages.

Course Schedule (cont.)

CPP

CPP.11 Pistol Firing Table One - Training Block One
CPP.12 Pistol Firing Table One - Training Block Two
CPP.13 Pistol Firing Table One - Training Block Three
CPP.14 Pistol Firing Table One, Training Blocks Four and Five – Scoring, Alibi, and Practice/Evaluation Procedures

CMC

CMC.12 Pistol Range Operations
CMC.13 Pistol Coaching Responsibilities/Alibi Determination
CMC.14 Coach Pistol Training Block One
CMC.15 Coach Pistol Training Block Two
CMC.16 Coach Pistol Training Block Three
CMC.17 Coach Pistol Training Blocks Four and Five

EDIP

- Weapons instruction taught EDIP:
  - **(E) Explain** - Instructor explains procedure.
  - **(D) Demonstrate** – Instructor demonstrates procedure.
  - **(I) Imitate** – Students mirror instructor as each step is demonstrated.
  - **(P) Practice** – Students practice procedures under instructor’s direction and supervision.

Dry Practice Skills Part 1

- Wearing of gear
- Withdrawing to the ready
- Stance and Grip
- Fundamentals
- Commands

Wearing of Gear

- New holster
- CPP covers wearing of gear to facilitate weapons handling and marksmanship.

Ready

ELP

CPP

- Eyes oriented over front sight toward threat area.
- Facilitates faster presentation by punching forward while rolling rear sight up to achieve sight picture.

Alert

ELP

CPP

- No Alert carry

Stance

ELP

Isosceles

Weaver

CPP

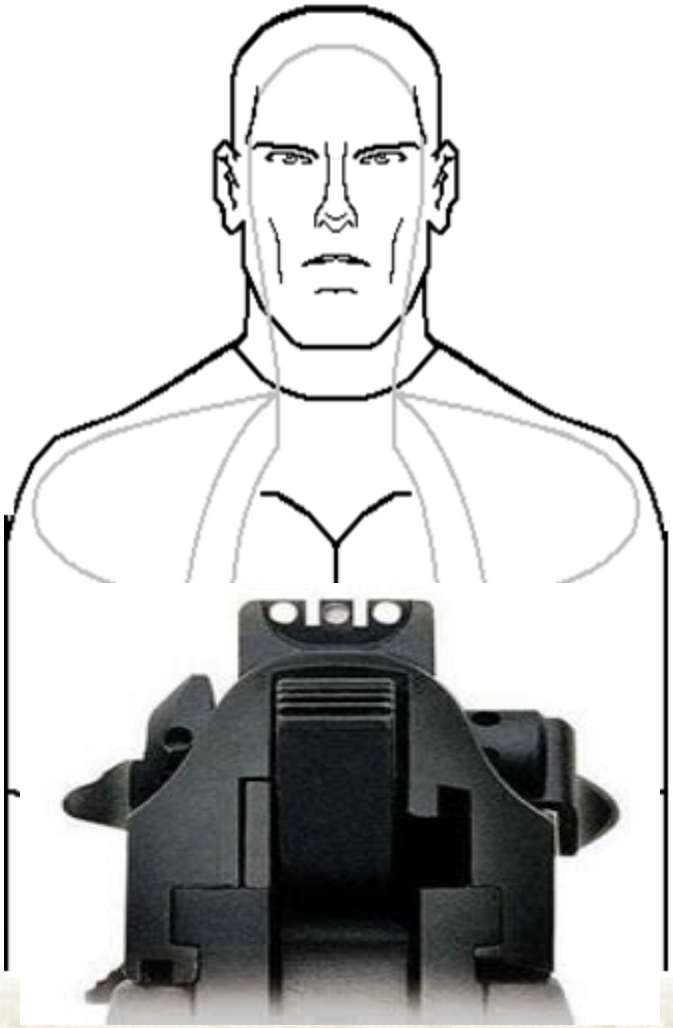
Isosceles

Fundamentals

- The fundamentals are the same in ELP as in CPP.
- Coaching techniques are augmented and explained further in CPP.

Sight Picture

- CPP fires on a different target (MPMS-1) so sight picture is different.
- This target design reduces anticipation and related shooting problems.
- Target is combat realistic.



Weapons Commands

ELP

- Load
- Make Ready
- Unload
- Unload, Show Clear

CPP

- Make a Condition 3 Weapon
- Make a Condition 1 Weapon
- Make a Condition 4 Weapon
- Show Clear

Changes in Weapons Handling

ELP

- Lower workspace
- Chamber check

CPP

- Higher workspace
- Determining the condition of the weapon

- Determining condition of weapon is done whenever deemed n to holstering.
- Repetition is built into CPP five rule to train procedures for determining the condition of the weapon.

- Higher workspace allows:
  - Eyes to remain on threat.
  - Movement with weapon.

CPP Position Analysis

- Detailed position analysis.
  - Grip
  - Wrists
  - Arms
  - Body position
  - Head

- Fault check stability of hold via Observation Method and Laser Pen Method.

Dry Practice

- MTC CMT’s provide EDIP Instruction
- Scripts for EDIP Instruction provided in student binder
- T3 Students practice in groups.

- Final Evaluation (Thursday) after ISMT
